

ROYAL FOAM
PRODUCTS NIGERIA LIMITED

About Royal Foam

Royal Foam Nigeria Limited was incorporated in 1980 and is a manufacturer of high quality foam products that meet both local and international standards.

We manufacture a wide variety of foam products including mattresses, pillows, foam sheet blocks and foam rolls. We also carry bed accessories from bed sheets, to duvets and much more. Our factory utilizes the latest in foam technology allowing for us to produce the highest quality products for our valued customers.

We have a seasoned management team averaging over twenty years tenure with the company, and state of the art foam manufacturing plants in Kano and Lagos (Ota) that allow us to serve the Nigerian market and beyond.

>> Our company's goal is to offer customers the highest quality.
This is achieved by rigorous disciplines and control processes to ensure consistently high standards.

Over 400,000 customers and counting.

Proudly taking care of local communities.

Our Purpose

Company Vision

We aspire to be our customers' most valued foam maker.

- ✓ **Valued** for our high quality products and professionalism.
- ✓ **Valued** for how we enable better sleep and well-being.
- ✓ **Valued** for our innovations and community service.

Company Mission

We create healthier communities by enabling better sleep and well-being, now and for future generations.

Company Values

Customer Commitment: We cherish our customers and create products that better their lives.

Integrity: We uphold the highest standards and treat others with courtesy and respect.

Quality: We provide superior products and outstanding service that deliver exceptional value to our customers.

Innovation: We continually advance our products and foam making by investing in the latest technologies and expertise.

Good Citizenship: We take pride in improving and developing the communities in which we work and live.

Operational Excellence

High process quality has always been a significant success factor of our company because it leads to high quality products. Our manufacturing plants include quality control, waste control and recycling systems.

We use an ultra modern continuous flow production system and the latest foam technology capable of producing over twenty tons of foam per day.

Making Royal Foam is the result of top quality inputs, and excellent processes. We are constantly analyzing our processes in order to make them even more efficient.

We are able to create a high standard of foam and fulfil all our customers' requirements due to our comprehensive manufacturing expertise and well trained team of staff.

Serving Your Needs

Our Customers

Customers are the central focus at Royal Foam and we work to achieve customer satisfaction by offering high quality products at the best and most affordable prices. It is our promise to deliver quality, innovation and enthusiasm – every day.

Our Communities

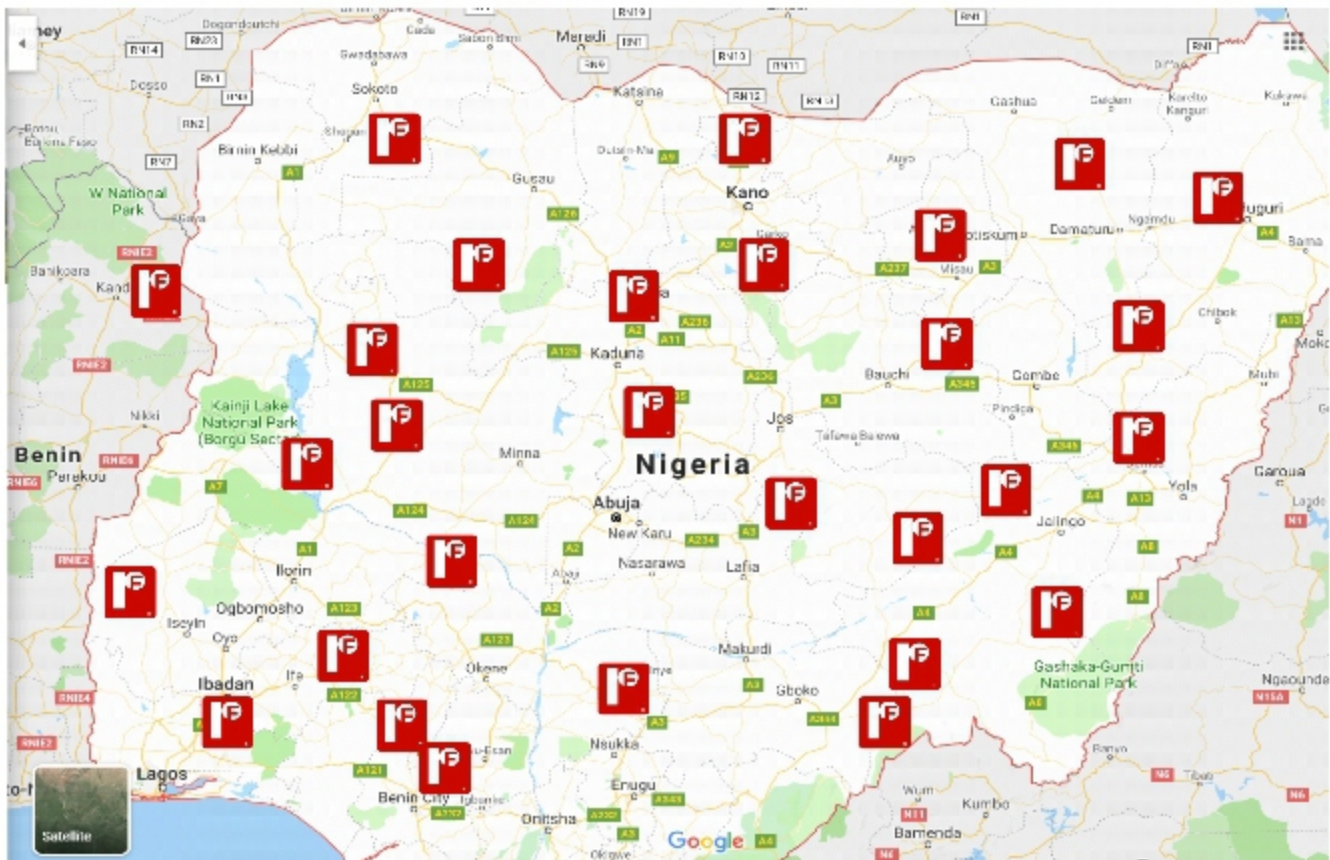

We support locals and residents to build stronger, healthier and more economically vibrant communities. From education initiatives sponsoring children and helping schools, to sports and recreation programs like Royal Foam Football Club, we empower communities to better shape their future.

Our Market Presence

We are located in over thirty States across the country and able to distribute nationwide with our fleet of more than fifty trucks. Some of the places where we are located:
